

## Press Release

For publication 3 July 2017-07-03 at. 18.00 1 July 2017

The activities of Creative Networks AB (556742-4188) in Västerås are resumed from 2017-07-01. Creative Networks was previously merged with Jbex Networks (556666-7092) in Sundsvall AB and Masbo Networks (556449-4358) in Hudiksvall as the formation of ICT Networks AB 2009.

"It is incredibly exciting once again to be active in the industry, where we can focus on quality and cost-effectiveness for our customers," says Gramsh Gashi CEO of Creative Networks AB.

Creative Networks will mainly offer its services in Svealand, but also with opportunities for work throughout the country. The business will focus on total and performance contracts within fiber-based network projects

We will be a facilitating partner to our customers, one project one supplier, and our overall responsibility. We do what we say, Gramsh continues.

In addition to the Swedish market, we will focus on the international market. Already today we have worked in more than 10 countries. Demand in the international market is increasing as more countries are building fiber optic infrastructures. "

Our entire business concept is based on creating long-term relationships with our customers by offering a complete chain of great business expertise, entrepreneurial spirit and technical cutting edge competence in fiber-based networking projects. We have created a stable foundation that rests on quality, experience and long-term, "concludes Gramsh.
